Creative and passionate Early Childhood Curriculum Specialist with a focus on environmental education and sustainability. With 5 years of experience, I have dedicated my career to developing curricula that inspire young children to connect with nature and understand their role in the environment. My teaching philosophy emphasizes hands-on, experiential learning that encourages curiosity and respect for the natural world.

WORK EXPERIENCE

Environmental Education Coordinator | EcoKids Learning Center

Jan 2022 – Present

- Developed and implemented an environmental education curriculum that increased students' awareness of sustainability by 60%.
- Facilitated outdoor learning experiences that encouraged exploration and connection with nature.
- Collaborated with local environmental organizations to enhance curriculum resources and field trips.
- Organized community events focused on environmental stewardship, engaging families and the community.
- Monitored student engagement and feedback to continually improve curriculum effectiveness.
- Created educational materials for parents on supporting environmental learning at home.

Early Childhood Teacher | Nature's Wonders Preschool

Jul 2019 – Dec 2021

- Incorporated nature-based learning into daily lesson plans, fostering children's curiosity about the environment.
- Organized gardening projects that taught children about plant growth and sustainability practices.
- Facilitated lessons on wildlife and ecosystems, enhancing children's understanding of biodiversity.
- Collaborated with families to create home-based sustainability projects, increasing community involvement.
- Monitored children's development and adjusted teaching strategies to support individual learning needs.
- Engaged students in discussions about environmental issues, promoting critical thinking and responsibility.
