MICHAEL ANDERSON

MATH CURRICULUM DEVELOPER

I am a passionate Early Childhood Numeracy Educator with over 12 years of experience in teaching young children the foundations of mathematics. I prioritize creating a nurturing and stimulating environment where children feel safe to explore and learn. My philosophy centers around the idea that children learn best through play and hands-on experiences, which I incorporate into every lesson plan.

PROFESSIONAL EXPERIENCE

Creative Kids Learning Center

Mar 2018 - Present

Math Curriculum Developer

- Designed interactive math activities that aligned with state standards for early childhood education.
- Conducted training sessions for educators on effective numeracy teaching techniques.
- Created a resource library for teachers to access math materials and activities.
- Assessed student progress and adjusted curriculum based on data analysis.
- Worked with families to provide resources for at-home math practice.
- Increased student assessment scores by 15% after implementing new curriculum.

Happy Trails Preschool

Dec 2015 - Jan 2018

Pre-K Teacher

- Fostered a love for math through play-based learning and exploration.
- Utilized manipulatives and visual aids to enhance understanding of mathematical concepts.
- Developed individualized learning plans for students with unique learning needs.
- Engaged parents through regular communication about student progress and resources.
- Implemented assessment tools to track growth and inform instruction.
- Achieved a 30% improvement in student engagement through interactive lessons.

ACHIEVEMENTS

- Recognized for developing an award-winning math program that was adopted by multiple schools.
- Presented at national conferences on innovative practices in early childhood numeracy education.
- Secured a grant for implementing technology in early math instruction.
