MICHAEL ANDERSON

ECONOMIC RESEARCH CONSULTANT

I am a passionate Economic Anthropologist with a focus on the relationship between globalization and local economies. Over the past 6 years, I have immersed myself in research that explores how global economic trends impact local cultural practices and vice versa. My background in sociology and anthropology allows me to analyze economic phenomena through a cultural lens.

PROFESSIONAL EXPERIENCE

Global Market Insights

Mar 2018 - Present

Economic Research Consultant

- Conducted research on the impacts of globalization on local economies in Southeast Asia.
- Worked directly with local businesses to assess their adaptation strategies in a global market.
- Utilized qualitative methods to gather data through interviews and participant observation.
- Compiled reports that detailed the socio-economic challenges faced by local entrepreneurs.
- Presented findings to stakeholders, influencing policy recommendations for economic development.
- Facilitated training sessions for local businesses on sustainable practices.

Institute for Global Studies

Dec 2015 - Jan 2018

Junior Researcher

- Assisted in research projects examining the effects of global trade on cultural economies.
- Gathered and analyzed data on local economic practices and globalization trends.
- Collaborated with senior researchers to publish findings in academic journals.
- Participated in community outreach programs to raise awareness about the effects of globalization.
- Supported the development of educational materials for local stakeholders.
- Contributed to workshops aimed at fostering dialogue between local communities and policymakers.

ACHIEVEMENTS

- Published research on the impact of globalization on local economies in a leading academic journal.
- Presented at the Global Economic Forum in 2021, highlighting local adaptation strategies.
- Developed a toolkit for local businesses to navigate global market challenges.
