Master's in Migration Studies

University of London

2016-2020

SKILLS

- Migration Economics
- Labor Market Analysis
- Qualitative Research
- Data Analysis
- Policy Advocacy
- Community Engagement

LANGUAGES

- English
- Spanish
- French

As a skilled Economic Anthropologist with a focus on labor markets and migration, I have dedicated my career to understanding the economic implications of migration patterns and labor dynamics. Over the past 7 years, I have conducted extensive research in various regions, exploring how migration affects local economies and cultural practices.

💼 WORK EXPERIENCE

Migration Economic Analyst
2020-2023

International Labor Organization

- Conducted research on the economic impacts of migration on labor markets in host countries.
- Analyzed data on migrant labor trends using statistical software.
- Collaborated with local organizations to assess the needs of migrant workers.
- Presented findings to policymakers, advocating for inclusive labor policies.
- Facilitated workshops on migrant rights and economic contributions.
- Authored reports that informed international labor policies regarding migration.

Research Fellow
2019-2020

Migration Studies Center

- Assisted in research projects focusing on the economic integration of migrants in urban areas.
- Conducted surveys and interviews to gather data on the experiences of migrant workers.
- Collaborated on publications that highlight the economic contributions of migrants.
- Participated in community outreach initiatives to promote awareness of migration issues.
- Supported the development of policy recommendations based on research findings.
- Engaged with community stakeholders to foster dialogue around migration and labor issues.

★ ACHIEVEMENTS

- Published articles on the economic impact of migration in leading journals.
- Secured funding for a research project focused on migrant labor rights, totaling $150,000.
- Presented research findings at the Global Migration Conference in 2022.
