🗚 LANGUAGES

- English
- Spanish
- French

Proficient Economic Data Analyst with a specialization in healthcare economics and policy analysis. Extensive experience in applying statistical methods to evaluate economic impacts within the healthcare sector. Strong analytical skills coupled with the ability to communicate complex economic concepts to non-technical stakeholders. Proven track record of contributing to healthcare policy reform through rigorous data analysis and evidence-based recommendations.

💼 WORK EXPERIENCE

Healthcare Economic Analyst
2020-2023

Health Economics Research Center

- Conducted economic analyses of healthcare policies to assess their effectiveness.
- Utilized econometric models to evaluate cost-effectiveness of treatments.
- Collaborated with healthcare professionals to align research with clinical practices.
- Presented findings to healthcare stakeholders to inform policy decisions.
- Managed large datasets to ensure data integrity and accuracy.
- Authored research papers published in peer-reviewed journals.

Economic Analyst Intern
2019-2020

Federal Health Agency

- Assisted in the analysis of healthcare expenditure data for policy evaluation.
- Supported the development of economic models to forecast healthcare costs.
- Engaged with stakeholders to gather insights on healthcare challenges.
- Prepared reports on economic data for government agencies.
- Contributed to the improvement of data collection methodologies.
- Utilized statistical software for data analysis and visualization.

★ ACHIEVEMENTS

- Developed a model that projected a 20% reduction in healthcare costs for a client.
- Recognized for contributions to a successful healthcare policy reform initiative.
- Published research findings that influenced healthcare policy at the state level.
