EDUCATION

BACHELOR OF SCIENCE IN EARLY CHILDHOOD EDUCATION, CHILD STUDIES UNIVERSITY

ACHIEVEMENTS

- Designed an assessment tool that improved early literacy scores by 15% in participating programs.
- Recognized with the 'Emerging Leader Award' for contributions to early childhood research.
- Implemented a parent feedback system that increased family engagement in educational activities.

WORK EXPERIENCE

EARLY CHILDHOOD DATA ANALYST

Kids First Foundation

2020 - 2025

- Collected and analyzed data to evaluate the effectiveness of early childhood programs.
- Developed reports that highlighted key findings and recommended improvements.
- Collaborated with teachers to identify data-driven strategies for enhancing early literacy.
- Utilized software tools to visualize data trends for stakeholder presentations.
- Engaged families in surveys to gather feedback on program efficacy and areas for growth.
- Facilitated data workshops for educators to enhance their understanding of assessment tools.

RESEARCH ASSISTANT

Child Development Institute

2015 - 2020

- Supported research projects focused on early childhood development and education.
- Conducted literature reviews to inform research methodologies and frameworks.
- Assisted in the design and implementation of data collection tools.
- Analyzed qualitative data through coding and thematic analysis.
- Presented research findings to stakeholders and contributed to policy discussions.
- Maintained compliance with ethical standards in research practices.
