EDUCATION

MASTER'S IN EDUCATIONAL TECHNOLOGY, UNIVERSITY OF TECH

ACHIEVEMENTS

- Received the Innovative Research Award for contributions to EdTech studies in 2020.
- Published articles in educational journals focusing on technology's role in learning.
- Improved educator training programs based on research findings, leading to a 15% improvement in technology use in classrooms.

PROFILE

With a solid background in both education and research, I have spent over 8 years as an Education Effectiveness Researcher specializing in the intersection of technology and pedagogy. My work focuses on harnessing digital tools to enhance educational outcomes and improve instructional practices. I have successfully led research projects that evaluate the impact of technology on student engagement and achievement.

EXPERIENCE

SENIOR RESEARCHER

EdTech Innovations

2016 - Present

- Led research initiatives evaluating the effectiveness of educational technologies on student engagement.
- Designed surveys and focus groups to gather qualitative data from educators and students.
- Collaborated with product development teams to enhance educational tools based on research findings.
- Presented research outcomes at educational technology conferences, receiving positive feedback from peers.
- Managed a research team, ensuring high-quality data collection and analysis processes.
- Authored white papers that guided school districts in technology adoption strategies.

RESEARCH ASSISTANT

University of Technology

2014 - 2016

- Assisted in longitudinal studies examining the impact of digital learning environments.
- Conducted literature reviews to support grant proposals for educational research.
- Participated in the analysis of quantitative data, contributing to the publication of research findings.
- Co-facilitated workshops for educators on integrating technology into their teaching.
- Developed presentations that summarized research findings for academic audiences.
- Supported the administration of educational assessments to enhance research validity.
