EDUCATION

MASTER'S IN EDUCATION POLICY,
UNIVERSITY OF CALIFORNIA, BERKELEY

ACHIEVEMENTS

- Led a successful initiative that improved access to advanced placement courses for minority students.
- Recognized as 'Rising Star' by the National Education Association in 2020.
- Published research that contributed to the development of state-level educational policies.

PROFILE

I am a results-driven Education Equity Researcher with extensive experience in qualitative research methodologies and a passion for promoting equitable educational practices. My career spans over 8 years in both the public and private sectors, where I have worked on various projects aimed at understanding and addressing educational inequities.

EXPERIENCE

EDUCATION RESEARCH CONSULTANT

Global Education Initiative

2016 - Present

- Conducted field research on the impact of educational interventions in low-income communities.
- Developed case studies that highlighted successful strategies for improving student engagement.
- Collaborated with educators to design professional development programs focused on equity.
- Analyzed demographic data to identify trends in educational access and outcomes.
- Presented research findings to stakeholders to influence policy decisions at the local level.
- Facilitated workshops aimed at building capacity among educators in implementing equity-focused practices.

RESEARCH ASSOCIATE

Institute for Educational Equity

2014 - 2016

- Assisted in conducting qualitative interviews with students and teachers to gather insights on educational experiences.
- Analyzed program evaluation data to assess the effectiveness of equity initiatives.
- Supported grant writing efforts to secure funding for educational research projects.
- Collaborated with a multidisciplinary team to develop a comprehensive research agenda.
- Contributed to the preparation of research reports and policy briefs for dissemination.
- Participated in community forums to present research findings and gather feedback from stakeholders.
