

MICHAEL ANDERSON

K-12 Program Evaluator

Creative Education Evaluation Researcher with over 5 years of experience focused on K-12 educational assessment and program evaluation. My work emphasizes innovative approaches to evaluating educational effectiveness, particularly in urban school districts. I have a solid foundation in both qualitative and quantitative research methodologies, allowing me to gather comprehensive data that informs educational practices.

WORK EXPERIENCE

K-12 Program Evaluator

2020-2023

Urban Education Initiative

- Conducted evaluations of after-school programs, leading to a 30% increase in student participation.
- Utilized mixed methods to collect data from students, parents, and teachers.
- Developed evaluation reports that highlighted areas for improvement and best practices.
- Facilitated workshops with educators to discuss evaluation findings and implications.
- Collaborated with community organizations to enhance outreach and engagement efforts.
- Analyzed data trends to inform program adjustments and enhance effectiveness.

Evaluation Research Intern

2019-2020

New York City Department of Education

- Assisted in the evaluation of educational programs aimed at improving literacy rates.
- Conducted surveys and interviews to gather qualitative data from stakeholders.
- Supported data analysis efforts by compiling and cleaning data sets.
- Presented evaluation findings to educational leaders, influencing program design.
- Collaborated with a team of researchers to develop evaluation tools.
- Documented best practices for future evaluations based on research findings.

ACHIEVEMENTS

- Increased student engagement by 25% through strategic evaluation recommendations.
- Contributed to a successful grant proposal that funded new educational initiatives.
- Recognized for outstanding contributions to research at the annual education conference.
