

MICHAEL ANDERSON

POLICY RESEARCHER

PROFILE

With a rich background in education policy and research, I have spent over 8 years as an Education Innovation Researcher focusing on improving learning outcomes through data-driven strategies. My experience includes working with non-profit organizations to assess the effectiveness of various educational programs and initiatives. I am skilled in qualitative and quantitative research methods, which I utilize to inform decision-making and policy development.

EXPERIENCE

POLICY RESEARCHER

Education Forward

2016 - Present

- Conducted comprehensive policy analysis on educational reform initiatives.
- Collaborated with state education agencies to evaluate program effectiveness.
- Developed policy briefs that influenced legislative decisions on education funding.
- Engaged stakeholders in discussions to promote research findings.
- Facilitated workshops for educators on implementing research-based practices.
- Analyzed longitudinal data to track the impact of policy changes on student performance.

EDUCATION RESEARCH ASSOCIATE

National Institute of Education

2014 - 2016

- Assisted in the development of research projects focused on STEM education.
- Conducted site visits to assess program implementation in schools.
- Compiled and analyzed data from various educational assessments.
- Presented findings to stakeholders, fostering collaboration across educational sectors.
- Wrote research papers that contributed to national discussions on education policy.
- Supported grant writing efforts to secure funding for further research initiatives.
