

MICHAEL ANDERSON

EDUCATIONAL TECHNOLOGY ANALYST

PROFILE

As a dedicated Education Quality Researcher with over 8 years of experience, I specialize in the intersection of technology and education. My career has focused on leveraging data analytics to improve educational frameworks and student engagement through innovative digital tools. I have worked with both K-12 and higher education institutions to analyze the effectiveness of educational technologies and provide insights that drive strategic decisions.

EXPERIENCE

EDUCATIONAL TECHNOLOGY ANALYST

TechEd Innovations

2016 - Present

- Analyzed the effectiveness of educational software tools in K-12 settings.
- Collaborated with educators to assess technology integration in classrooms.
- Utilized data visualization techniques to present insights on student engagement.
- Designed surveys to gather feedback on educational technology use.
- Provided training sessions for teachers on data-driven decision making.
- Contributed to the development of a digital dashboard to track educational outcomes.

RESEARCH ASSISTANT

University of Learning

2014 - 2016

- Assisted in research projects focused on digital learning environments.
- Conducted literature reviews to support ongoing research initiatives.
- Analyzed survey data to evaluate student satisfaction with online courses.
- Collaborated with faculty to design research methodologies for educational technology studies.
- Prepared presentations for academic conferences showcasing research findings.
- Supported administrative tasks to ensure research projects ran smoothly.
