### EDUCATION

#### Master's in Educational Technology

University of Michigan  
2016-2020

### SKILLS

- Educational technology
- Digital learning
- Data analysis
- Program evaluation
- Research methodologies
- Pedagogical strategies

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Educational Technology Researcher

2020-2023

Tech for Learning Initiative

- Conducted research studies on the impact of online learning platforms on student engagement.
- Collaborated with educators to evaluate the effectiveness of digital tools in classrooms.
- Analyzed data from pilot programs to inform future technology implementations.
- Facilitated professional development workshops focused on integrating technology into teaching.
- Presented findings at technology and education conferences, enhancing visibility for the initiative.
- Increased user satisfaction with educational technology by 30% through iterative feedback processes.

#### Research Assistant

2019-2020

University of Washington

- Supported research on the effectiveness of mobile learning applications in higher education.
- Assisted in analyzing survey data to evaluate student perceptions of technology use.
- Collaborated with faculty to develop research proposals for technology grants.
- Contributed to publications on the intersection of education and technology.
- Enhanced data collection processes, resulting in a 20% increase in response rates.
- Organized community events to promote technology-rich learning environments.

### ACHIEVEMENTS

- Published a research paper on the effectiveness of blended learning environments in 2020.
- Received the Innovator Award from the Education Technology Association in 2021.
- Led a project that increased student engagement in technology-enhanced courses by 35%.
