WORK EXPERIENCE

Early Childhood Education Researcher

2020-2023

National Association for the Education of Young Children

- Conducted research on early childhood education standards and outcomes.
- Collaborated with educators to assess the effectiveness of early learning programs.
- Analyzed data on student progress to inform program improvements.
- Developed resources for educators on best practices in early childhood education.
- Presented research findings at national conferences.
- Engaged with parents and community members to gather insights on early education.

Research Intern

2019-2020

Early Childhood Research Institute

- Assisted in evaluating early childhood programs for compliance with national standards.
- Collected qualitative data through interviews with educators and parents.
- Supported the development of evaluation tools for early learning assessments.
- Co-authored reports on the effectiveness of various early education initiatives.
- Organized workshops for educators on research-based practices.
- Participated in grant writing efforts for early childhood education projects.

ACHIEVEMENTS

- Played a key role in a study that led to the adoption of new early childhood standards in multiple states.
- Presented findings at an international early childhood education conference.
- Recipient of a research fellowship for contributions to early childhood studies.
