# MICHAEL ANDERSON

## LEAD ASSESSMENT SPECIALIST

I am a dedicated Educational Measurement Specialist with over 12 years of experience in the educational sector, primarily focused on large-scale assessment systems. My expertise lies in psychometric theory, assessment design, and the implementation of data-driven solutions that enhance student learning. I have worked with various educational organizations to develop performance assessments that are equitable and reflective of diverse learning styles.

## **PROFESSIONAL EXPERIENCE**

### **Global Education Solutions**

*Mar 2018 - Present*

#### Lead Assessment Specialist

- Directed the development of a comprehensive assessment program for international schools.
- Analyzed assessment data to identify trends and areas for improvement.
- Collaborated with curriculum developers to ensure alignment of assessments.
- Managed a team of analysts in conducting psychometric evaluations.
- Initiated a pilot program that increased assessment reliability by 40%.
- Designed and delivered training sessions on assessment best practices.

### **Educational Testing Service**

*Dec 2015 - Jan 2018*

#### Senior Data Analyst

- Conducted statistical analysis of assessment data to support policy recommendations.
- Prepared detailed reports for stakeholders, highlighting key findings and implications.
- Developed and maintained data dashboards for real-time assessment tracking.
- Collaborated with subject matter experts to refine assessment items.
- Led a project that improved the accuracy of predictive modeling by 25%.
- Presented findings at national conferences to share insights on assessment trends.

## **ACHIEVEMENTS**

- Recognized for excellence in assessment design by the National Council on Measurement in Education.
- Implemented a new assessment system that reduced administrative costs by 20%.
- Co-authored a book on innovative practices in educational measurement.
