EDUCATION

**M.ED. IN EARLY CHILDHOOD
EDUCATION, UNIVERSITY OF MICHIGAN**

ACHIEVEMENTS

- Improved student readiness rates by 20% in evaluated programs.
- Presented findings at national conferences, enhancing visibility for early education initiatives.
- Recipient of the 'Excellence in Research Award' from the Early Childhood Association in 2021.

PROFILE

With a rich background in educational outcomes research and a focus on early childhood education, I have over 8 years of experience in evaluating educational programs aimed at enhancing learning outcomes for young children. My work has centered around the analysis of both qualitative and quantitative data to drive improvements in curriculum design and instructional practices.

EXPERIENCE

RESEARCH SPECIALIST

Early Learning Collaborative

2016 - Present

- Conducted in-depth evaluations of early childhood education programs statewide.
- Developed assessment tools to measure developmental milestones in preschoolers.
- Collaborated with local schools to implement research findings into practice.
- Analyzed program effectiveness using longitudinal data sets to track student progress.
- Facilitated focus groups with parents and educators to gather qualitative insights.
- Prepared comprehensive reports that informed state education policies.

DATA ANALYST

Kids First Foundation

2014 - 2016

- Utilized statistical methods to analyze data from early childhood education initiatives.
- Created visual data representations to communicate findings to stakeholders.
- Worked closely with educators to refine instructional strategies based on research outcomes.
- Participated in grant proposals to secure funding for new research efforts.
- Presented research findings to community stakeholders to promote program support.
- Contributed to collaborative projects that focused on improving educational access for disadvantaged children.
