

Michael ANDERSON

PROGRAM EVALUATOR

I am an Educational Outcomes Researcher with a robust background in the K-12 education sector, specializing in the evaluation of educational interventions aimed at improving student achievement. With over 7 years of experience, I have developed a keen ability to analyze data and translate findings into actionable recommendations for educators and administrators.

EDUCATION

**M.A. IN EDUCATION, HARVARD
UNIVERSITY**

ACHIEVEMENTS

- Increased student test scores by 12% in evaluated programs through actionable recommendations.
- Recognized with the 'Emerging Leader in Education Research' award in 2021.
- Authored a report that influenced state funding for educational initiatives.

WORK EXPERIENCE

PROGRAM EVALUATOR

K-12 Education Research Group

2020 - 2025

- Evaluated the impact of intervention programs on student performance in urban schools.
- Conducted classroom observations and interviews with educators to gather qualitative data.
- Analyzed student achievement data to identify trends and areas for improvement.
- Collaborated with school districts to implement data-driven instructional practices.
- Presented findings to school boards, influencing curriculum decisions.
- Developed training materials for educators on research-based strategies.

RESEARCH ASSISTANT

City University Research Center

2015 - 2020

- Assisted in the evaluation of educational programs targeting at-risk youth.
- Conducted data analysis using Excel and qualitative coding software.
- Co-authored research reports that informed local education policy changes.
- Engaged with community stakeholders to gather input on program effectiveness.
- Supported grant writing efforts to secure funding for future research projects.
- Organized community outreach events to disseminate research findings.
