As an accomplished Educational Psychometrics Researcher with over 11 years of experience in the nonprofit sector, I have been dedicated to improving educational outcomes for underprivileged communities through effective assessment strategies. My expertise includes developing and validating assessments that are culturally relevant and accessible to diverse student populations. I have successfully led research initiatives that focus on the impact of socio-economic factors on educational achievement.

WORK EXPERIENCE

Senior Researcher | Educational Equity Initiative

Jan 2022 – Present

- Led research projects focused on educational assessments for low-income communities.
- Developed culturally responsive assessment tools for diverse student groups.
- Collaborated with schools to implement data-driven instructional strategies.
- Published findings in educational journals and presented at conferences.
- Engaged with stakeholders to advocate for policy changes in education.
- Conducted workshops to enhance assessment literacy among educators.

Assessment Analyst | Community Learning Institute

Jul 2019 – Dec 2021

- Analyzed assessment data to identify gaps in student achievement.
- Collaborated with educators to design effective assessment strategies.
- Provided training on assessment best practices to staff and volunteers.
- Developed reports that informed community education initiatives.
- Engaged with parents and community leaders to promote assessment understanding.
- Contributed to grant proposals for funding educational programs.
