## SUMMARY

As an experienced Educational Researcher, I have dedicated over a decade to advancing the field of educational policies and practices through rigorous research and analysis. My work encompasses a broad spectrum, from assessing curriculum effectiveness to exploring innovative teaching methodologies. I have collaborated with various educational institutions, non-profits, and government agencies, aiming to bridge the gap between research and practical application.

---

## WORK EXPERIENCE

### Senior Educational Researcher National Education Association

Jan 2023 - Present

- Led a multi-year research study on the impact of teacher training programs on student performance.
- Utilized SPSS and R for data analysis, resulting in a comprehensive report that informed state educational policies.
- Presented findings at the National Conference on Education, influencing over 500 educators and policymakers.
- Collaborated with cross-functional teams to design and implement assessment tools for educational outcomes.
- Conducted workshops for educators on integrating research findings into classroom practice.
- Mentored junior researchers, fostering a culture of inquiry and collaboration.

### Educational Research Analyst Institute for Educational Sciences

Jan 2020 - Dec 2022

- Conducted quantitative and qualitative analyses of educational programs across various districts.
  - Developed and validated survey instruments to gauge student and teacher satisfaction.
  - Authored multiple reports that were distributed to stakeholders, highlighting key insights and recommendations.
  - Participated in grant writing efforts that secured funding for innovative educational initiatives.
  - Coordinated focus groups with educators to gather feedback on curriculum developments.
  - Established partnerships with local universities to enhance research capabilities.
- 

## EDUCATION

### PhD in Educational Research, University of California, Berkeley

Sep 2019 - Oct 2020

---
