# MICHAEL ANDERSON

## HEALTH SYSTEMS MANAGER

Dynamic Elder Health Program Manager with extensive experience in health systems management and policy development aimed at improving the lives of older adults. Expertise in leveraging technology and data analytics to enhance care delivery and program effectiveness. Comprehensive understanding of the regulatory landscape governing elder health services, ensuring compliance and quality assurance.

## **PROFESSIONAL EXPERIENCE**

### **Elder Health Innovations**

*Mar 2018 - Present*

Health Systems Manager

- Managed the integration of electronic health records across multiple service lines, improving data access.
- Designed and implemented health programs that resulted in a 20% reduction in hospital readmissions.
- Led initiatives to enhance care coordination among providers.
- Utilized data analytics to assess program effectiveness and inform adjustments.
- Conducted training for staff on new systems and processes.
- Collaborated with stakeholders to align programs with community health needs.

### **National Aging Policy Center**

*Dec 2015 - Jan 2018*

Policy Analyst

- Analyzed healthcare policies affecting elder populations and provided actionable recommendations.
- Conducted research on best practices in elder health management.
- Engaged with policymakers to advocate for improved elder health services.
- Prepared reports and presentations for stakeholders.
- Collaborated with community organizations to disseminate findings.
- Facilitated workshops on elder health policy issues.

## **ACHIEVEMENTS**

- Recognized by the Health Policy Association for outstanding contributions to elder health policy.
- Published research findings that influenced state-level health policies.
- Secured funding for innovative health programs targeting seniors.
