## SKILLS

- BIM
- Revit
- Navisworks
- Electrical Design
- Project Management
- Team Collaboration

## EDUCATION

**BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING, TEXAS A&M UNIVERSITY, 2014**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Led a project that received a national award for excellence in commercial design.
- Achieved a 10% reduction in project costs through value engineering.
- Recognized for outstanding teamwork and collaboration in large-scale projects.

# Michael Anderson

## ELECTRICAL BIM ENGINEER

Dynamic Electrical BIM Engineer with a strong background in commercial construction, boasting over 6 years of experience. I excel in using Building Information Modeling (BIM) to enhance the design and execution of electrical systems in large-scale commercial projects. My expertise encompasses a wide range of electrical systems, including lighting, power distribution, and fire alarm systems.

## EXPERIENCE

### ELECTRICAL BIM ENGINEER

Commercial Builders Group

2016 - Present

- Designed electrical layouts for multiple commercial projects using Revit.
- Coordinated with multidisciplinary teams to resolve design conflicts.
- Implemented BIM processes that improved project collaboration and efficiency.
- Created detailed construction documents for electrical installations.
- Oversaw site installations to ensure compliance with design specifications.
- Managed project timelines and budgets, achieving a 15% cost savings.

### ELECTRICAL ENGINEER

BuildRight Construction

2014 - 2016

- Assisted in the design and implementation of electrical systems for commercial buildings.
- Utilized Navisworks for clash detection and resolution.
- Supported project managers in developing project schedules and scopes.
- Maintained accurate documentation of design changes and project progress.
- Engaged in on-site inspections to ensure quality and compliance.
- Participated in client meetings to discuss design proposals and modifications.
