

MICHAEL ANDERSON

Electrical CAD Engineer

As a dedicated Electrical CAD Engineer with over 5 years of experience in the construction and building services industry, I specialize in designing electrical systems for commercial buildings and infrastructure projects. My role involves collaborating closely with architects and engineers to develop efficient electrical layouts that meet client needs and regulatory standards.

WORK EXPERIENCE

Electrical CAD Engineer 2020-2023

BuildSmart Group

- Designed electrical systems for commercial and residential building projects.
- Collaborated with architects to ensure electrical layouts met design specifications.
- Utilized AutoCAD for creating detailed electrical schematics and layouts.
- Conducted energy efficiency assessments to optimize system designs.
- Provided technical support during construction to resolve design-related issues.
- Maintained project documentation for future reference and audits.

Junior Electrical Engineer 2019-2020

Constructive Solutions

- Assisted in the design of electrical systems for various construction projects.
- Supported senior engineers in creating detailed CAD drawings.
- Participated in project meetings to discuss design specifications.
- Conducted site visits to gather data for design development.
- Helped troubleshoot electrical issues during the construction phase.
- Contributed to the preparation of project reports and documentation.

ACHIEVEMENTS

- Successfully completed a large commercial building project under budget and ahead of schedule.
- Recognized for innovative design solutions that improved energy efficiency in projects.
- Contributed to a project that received a green building certification.

San Francisco, CA

EDUCATION

Bachelor of Science in Electrical Engineering from Purdue University

University

2016-2020

SKILLS

- AutoCAD
- Electrical Design
- Building Systems
- Energy Efficiency
- Project Collaboration
- Technical Support

LANGUAGES

- English
- Spanish
- French
