EDUCATION

BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING, GEORGIA INSTITUTE OF TECHNOLOGY

ACHIEVEMENTS

- Played a key role in deploying a nationwide 5G network ahead of schedule.
- Awarded 'Rising Star' for exceptional contributions to project success in 2020.
- Improved client satisfaction rates through effective communication and project updates.

WORK EXPERIENCE

ELECTRICAL COMMISSIONING ENGINEER

Telecom Innovations Ltd.

2020 - 2025

- Commissioned electrical systems for 4G and 5G network deployments across multiple locations.
- Worked closely with network engineers to troubleshoot and resolve integration issues.
- Documented commissioning processes and results for regulatory compliance.
- Implemented system upgrades that increased network reliability by 25%.
- Collaborated with cross-functional teams to develop project timelines and deliverables.
- Conducted training sessions for field technicians on new equipment and systems.

JUNIOR ELECTRICAL ENGINEER

NextGen Telecoms

2015 - 2020

- Assisted in the commissioning of electrical systems for mobile communication towers.
- Performed routine inspections and tests of electrical installations to ensure compliance.
- Supported project managers in tracking project progress and performance metrics.
- Maintained accurate documentation of all commissioning activities.
- Participated in safety training programs and contributed to maintaining a safe work environment.
- Engaged with clients to provide updates on commissioning status and timelines.
