Michael Anderson

ELECTRICAL COMMISSIONING MANAGER

Resourceful Electrical Commissioning Engineer with a decade of experience in the construction and infrastructure sector. Known for effectively managing electrical commissioning processes for large-scale construction projects. Strong leadership skills with a focus on team development and collaboration. Committed to ensuring that all electrical installations are completed on time, within budget, and to the highest quality standards.

EXPERIENCE

ELECTRICAL COMMISSIONING MANAGER

BuildRight Construction

2016 - Present

- Managed the electrical commissioning for a \$100 million commercial building project.
- Coordinated with architects and contractors to align electrical installations with project specifications.
- Developed a comprehensive commissioning plan that improved project delivery time by 20%.
- Conducted safety audits and ensured compliance with local electrical codes.
- Mentored junior engineers and provided technical guidance throughout the project lifecycle.
- Evaluated supplier performance and ensured quality of electrical components used in construction.

ELECTRICAL PROJECT ENGINEER

City Infrastructure Group

2014 - 2016

- Supported the commissioning of electrical systems for urban infrastructure projects.
- Performed system testing and validation to ensure compliance with design specifications.
- Collaborated with construction teams to identify and resolve electrical installation issues.
- Prepared and maintained project documentation, including commissioning reports.
- Engaged in continuous improvement initiatives to enhance project workflows.
- Participated in client meetings to discuss project progress and address concerns.
