SKILLS

- Telecommunications Systems
- Testing and Validation
- Troubleshooting
- Documentation
- Team Collaboration
- Safety Compliance

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN ELECTRICAL
ENGINEERING, UNIVERSITY OF
COMMUNICATIONS, 2016**

ACHIEVEMENTS

- Improved network reliability by implementing new testing protocols.
- Awarded 'Best Technician of the Quarter' for outstanding performance.
- Successfully completed over 30 commissioning projects within deadlines.

WORK EXPERIENCE

TELECOMMUNICATIONS COMMISSIONING TECHNICIAN

NextGen Communications

2020 - 2025

- Conducted commissioning of electrical systems for telecommunications equipment.
- Performed functional testing to ensure network reliability and performance.
- Collaborated with network engineers to troubleshoot and resolve issues.
- Documented commissioning results and maintained accurate project records.
- Participated in safety training and compliance assessments.
- Engaged in continuous learning to stay current with industry advancements.

ELECTRICAL TECHNICIAN

Telecom Solutions Ltd.

2015 - 2020

- Assisted in the installation and testing of electrical systems in telecom infrastructures.
- Utilized diagnostic tools to assess system performance and identify faults.
- Collaborated with project teams to ensure timely project delivery.
- Maintained documentation of installation and testing procedures.
- Participated in safety audits and compliance checks.
- Provided training to new technicians on equipment and procedures.
