EDUCATION

**BACHELOR OF SCIENCE IN ELECTRICAL
ENGINEERING, MICHIGAN STATE
UNIVERSITY**

ACHIEVEMENTS

- Recognized for outstanding performance in compliance testing, receiving the 'Excellence in Engineering' award.
- Played a key role in a project that improved compliance rates by 35%.
- Successfully led training initiatives that enhanced compliance awareness among engineering teams.

WORK EXPERIENCE

COMPLIANCE ENGINEER

AutoElectrical Corp.

2020 - 2025

- Led compliance testing for electrical components, ensuring alignment with automotive safety standards.
- Developed testing protocols that increased efficiency by 25%.
- Collaborated with design engineers to address compliance issues in product development.
- Conducted risk assessments to identify potential compliance gaps.
- Prepared compliance documentation for regulatory submissions.
- Achieved a significant reduction in compliance-related recalls over three years.

JUNIOR COMPLIANCE ENGINEER

CarTech Industries

2015 - 2020

- Assisted in compliance testing and validation of electrical systems in vehicles.
- Maintained compliance records and documentation for audit purposes.
- Supported the development of compliance training programs for engineering staff.
- Conducted inspections of electrical systems to ensure adherence to safety standards.
- Participated in external audits and inspections to assess compliance status.
- Contributed to a 20% improvement in compliance audit scores.
