

MICHAEL ANDERSON

Electrical Compliance Engineer

Innovative Electrical Compliance Engineer with 4 years of experience in the aerospace industry. Specializes in ensuring compliance with electrical safety standards and regulations for aircraft systems. Proven ability to conduct thorough testing and validation of electrical components. Strong background in collaborating with multidisciplinary teams to integrate compliance into the design and manufacturing processes.

WORK EXPERIENCE

Electrical Compliance Engineer

2020-2023

AeroSystems Corp.

- Conducted compliance testing for electrical systems in aircraft, ensuring adherence to industry regulations.
- Developed compliance documentation for electrical components used in aviation applications.
- Collaborated with engineering teams to address compliance issues during the design phase.
- Participated in audits and inspections of manufacturing processes.
- Monitored and reported compliance metrics to management.
- Achieved a 20% reduction in compliance-related defects over two years.

Compliance Technician

2019-2020

SkyTech Solutions

- Assisted in the testing and validation of electrical systems for aerospace applications.
- Maintained compliance records and documentation for audit purposes.
- Supported the development of compliance training materials for engineering staff.
- Participated in inspections of electrical components to ensure adherence to safety standards.
- Contributed to compliance reports identifying areas for improvement.
- Learned compliance software tools to aid in data tracking and analysis.

ACHIEVEMENTS

- Played a key role in achieving certification for a new aircraft system, enhancing safety compliance.
- Recognized for contributions to quality improvement initiatives, receiving the 'Outstanding Performance' award.
- Improved compliance reporting processes, resulting in a 30% reduction in reporting time.
