SKILLS

- Electric Vehicle Systems
- Charging Infrastructure
- Compliance
- Technical Documentation
- Performance Testing
- Team Collaboration

EDUCATION

MASTER OF SCIENCE IN ELECTRICAL ENGINEERING, UNIVERSITY OF MICHIGAN

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Secured a contract for the installation of 100 EV charging stations across multiple cities.
- Led a project that reduced charging times by 25% through system enhancements.
- Recognized with the Innovation Award for contributions to EV technology development.

Michael Anderson

EV SYSTEMS ENGINEER

Strategic Electrical Engineering Consultant with a rich background in electric vehicle (EV) systems and infrastructure. Over 7 years of experience in the automotive industry, specializing in the design and implementation of EV charging solutions. Proven expertise in working with cross-functional teams to develop innovative solutions that meet the evolving demands of the electric vehicle market.

EXPERIENCE

EV SYSTEMS ENGINEER

ElectroDrive Solutions

2016 - Present

- Designed and implemented EV charging stations, increasing user accessibility by 40%.
- Collaborated with local governments to ensure compliance with zoning and safety regulations.
- Conducted performance testing and analysis of EV charging equipment.
- Created technical documentation for installation and maintenance procedures.
- Provided training for installation teams on best practices in EV systems.
- Engaged with clients to assess needs and recommend tailored charging solutions.

ELECTRICAL ENGINEER

Green Mobility Inc.

2014 - 2016

- Assisted in the development of battery management systems for electric vehicles.
- Participated in design reviews and provided feedback to improve product reliability.
- Conducted testing and validation of electrical systems for compliance with industry standards.
- Worked with suppliers to source components that met project requirements.
- Documented design processes and maintained project records for future reference.
- Supported project leaders in coordinating timelines and deliverables.
