## SKILLS

- Industrial automation
- PLC programming
- SCADA systems
- Troubleshooting
- Preventive maintenance
- Process improvement

## EDUCATION

**BACHELOR OF ENGINEERING IN ELECTRICAL AUTOMATION, TECH UNIVERSITY, 2015**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Successfully reduced production downtime by 25% through system enhancements.
- Recognized for excellence in programming efficiency resulting in cost savings.
- Awarded for outstanding teamwork in a cross-functional project.

Dynamic Electrical Tradesperson with a focus on industrial automation and control systems. Proven expertise in programming and maintaining PLCs and SCADA systems, enhancing operational efficiency in manufacturing environments. Recognized for developing innovative solutions that optimize production and reduce downtime. Strong analytical skills, combined with a proactive approach to troubleshooting and system enhancements.

## EXPERIENCE

### INDUSTRIAL AUTOMATION TECHNICIAN

Automation Dynamics

2016 - Present

- Programmed and maintained PLCs for various automated processes.
- Conducted system diagnostics and troubleshooting on control systems.
- Collaborated with engineering teams to design automation solutions.
- Executed preventive maintenance schedules to minimize equipment failures.
- Trained operators on new automated systems and safety protocols.
- Monitored system performance and implemented improvements.

### ELECTRICAL TECHNICIAN

Manufacturing Solutions Inc.

2014 - 2016

- Assisted in the installation of electrical systems in manufacturing facilities.
- Troubleshot electrical issues and provided effective solutions.
- Maintained detailed records of repairs and maintenance.
- Participated in safety training and compliance audits.
- Supported process improvement initiatives to enhance efficiency.
- Worked collaboratively with cross-functional teams to achieve project goals.
