SKILLS

- Smartphone Assembly
- Quality Assurance
- Process Improvement
- Team Training
- Data Analysis
- Cross-functional Collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
ELECTRONICS ENGINEERING,
INSTITUTE OF TECHNOLOGY, 2014**

ACHIEVEMENTS

- Awarded Best Team Leader for mentoring and developing assembly staff.
- Contributed to a project that launched a new smartphone model ahead of schedule.
- Achieved a 98% customer satisfaction score on product quality.

WORK EXPERIENCE

SENIOR ELECTRONICS ASSEMBLY ENGINEER

SmartTech Gadgets

2020 - 2025

- Directed assembly operations for a new line of smartphones, meeting production targets.
- Implemented Kaizen methodologies to improve efficiency, reducing assembly time by 15%.
- Trained assembly staff on quality control measures and best practices.
- Collaborated with product design teams to ensure manufacturability of new features.
- Analyzed production data to identify areas for process improvement.
- Developed comprehensive assembly guides for new products.

ELECTRONICS ASSEMBLER

Wearable Innovations Inc.

2015 - 2020

- Participated in the assembly of wearable technology devices, ensuring quality compliance.
- Performed routine maintenance on assembly equipment to prevent downtime.
- Assisted in troubleshooting production issues, contributing to a 10% decrease in defects.
- Maintained accurate records of production output and quality metrics.
- Supported the launch of new products by preparing assembly lines.
- Engaged in continuous training to stay updated on new assembly techniques.
