

MICHAEL ANDERSON

Principal Electronics Compliance Engineer

With over 15 years of experience, I am a highly skilled Electronics Compliance Engineer specializing in aerospace and defense electronics. My career has been dedicated to ensuring that complex electronic systems used in aerospace applications comply with stringent military and federal standards. I have extensive experience in managing compliance for high-stakes projects, where safety and reliability are paramount.

WORK EXPERIENCE

Principal Electronics Compliance Engineer

2020-2023

AeroDefense Technologies

- Directed compliance efforts for aerospace electronic systems, achieving 100% success rate in regulatory certifications.
- Led cross-functional teams in compliance audits, identifying and addressing potential risks proactively.
- Developed and implemented compliance training programs for engineering and quality assurance teams.
- Maintained up-to-date knowledge of military and federal compliance standards affecting aerospace products.
- Collaborated with external auditors to facilitate smooth compliance evaluations.
- Contributed to significant process improvements that enhanced product safety and reliability.

Electronics Compliance Engineer

2019-2020

SpaceTech Solutions

- Supported compliance testing for defense electronics, ensuring adherence to DOD regulations and standards.
- Reviewed technical documentation for compliance with aerospace industry standards.
- Assisted in the preparation of compliance reports for regulatory submissions, achieving timely approvals.
- Participated in design reviews to address compliance considerations early in product development.
- Coordinated with external laboratories for product testing and certification.
- Maintained a comprehensive database of compliance documentation and test results.

ACHIEVEMENTS

- Successfully led a project that ensured compliance for a new line of aerospace electronics ahead of schedule.
- Received the Excellence in Compliance Award for outstanding contributions to product safety.
- Authored guidelines on compliance best practices that were adopted company-wide.
