EDUCATION

Bachelor of Science in Telecommunications Engineering

Tech University
2016-2020

SKILLS

- Process Improvement
- Telecommunications
- Data Analysis
- Quality Assurance
- Team Collaboration
- Project Management

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Process Engineer

2020-2023

Telecom Solutions Co.

- Developed and optimized manufacturing processes for telecommunications equipment, enhancing performance by 20%.
- Conducted failure analysis and implemented corrective actions to improve product reliability.
- Collaborated with design engineers to ensure manufacturability of new products.
- Utilized data analysis tools to track process performance and identify improvement areas.
- Assisted in the design of testing protocols to validate equipment functionality.
- Trained team members on new manufacturing techniques and quality standards.

Junior Process Engineer

2019-2020

ConnectTech Corp.

- Supported the development of manufacturing processes for network devices.
- Conducted inspections and quality checks to ensure adherence to specifications.
- Assisted in troubleshooting production issues and implementing solutions.
- Documented process changes and maintained accurate records for compliance.
- Participated in training sessions on production methodologies and safety protocols.
- Collaborated with quality assurance teams to ensure product reliability.

ACHIEVEMENTS

- Successfully improved production efficiency by 30% through process redesign initiatives.
- Awarded Employee of the Month for contributions to product quality improvements.
- Recognized for outstanding teamwork in a cross-functional project that accelerated product launches.
