

MICHAEL ANDERSON

ELECTRONICS TEST ENGINEER

PROFILE

Results-oriented Electronics Test Engineer with over 5 years of experience in the aerospace and defense sectors. Expertise in developing test procedures for complex electronic systems and ensuring compliance with stringent regulatory standards. Strong analytical skills, capable of diagnosing and resolving issues in high-pressure environments. Experienced in both hardware and software testing, including signal integrity and electromagnetic compatibility assessments.

EXPERIENCE

ELECTRONICS TEST ENGINEER

AeroDefense Corp.

2016 - Present

- Developed and implemented test plans for aerospace electronic systems.
- Conducted electromagnetic compatibility tests to verify compliance with military standards.
- Utilized oscilloscopes and signal analyzers to evaluate system performance.
- Worked closely with systems engineers to troubleshoot and resolve testing discrepancies.
- Generated comprehensive test reports for client submissions.
- Participated in design validation reviews to ensure testability.

JUNIOR ELECTRONICS TEST ENGINEER

Tech Solutions Ltd.

2014 - 2016

- Assisted in the design and execution of testing protocols for consumer electronics.
- Performed root cause analysis on failed components and systems.
- Collaborated with cross-functional teams to enhance product development.
- Maintained testing equipment and ensured calibration was up to date.
- Documented testing results in a clear and concise manner for review.
- Contributed to the development of training materials for new engineers.

SKILLS

- Electronics testing
- Signal integrity
- Compliance testing
- Root cause analysis
- Technical documentation
- Team collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING, AVIATION UNIVERSITY, 2016

ACHIEVEMENTS

- Improved testing cycle time by 20% through process optimization.
- Received commendation for accuracy in test reporting from management.
- Contributed to a project that won a prestigious industry award for innovation.
