EDUCATION

Bachelor of Science in Electronics Engineering

College of Technology
2018

SKILLS

- Consumer electronics testing
- Quality assurance
- Data analysis
- Team collaboration
- Problem-solving
- Documentation

LANGUAGES

- English
- Spanish
- French

Proactive Electronics Test Engineer with a specialization in consumer electronics and over 3 years of experience in product testing and quality assurance. Expertise in developing and implementing testing protocols to ensure the functionality and durability of electronic devices. Strong analytical skills with a focus on identifying defects and implementing corrective actions.

💼 WORK EXPERIENCE

Electronics Test Engineer   2020-2023

GadgetPro Ltd.

- Developed test plans for a range of consumer electronic products.
- Executed functional and durability tests to assess product performance.
- Collaborated with design teams to identify and resolve product issues.
- Documented test results and communicated findings to stakeholders.
- Participated in product design reviews to offer insights on testing requirements.
- Contributed to a 15% reduction in product defects through rigorous testing.

Quality Control Technician   2019-2020

Electronics Innovations Corp.

- Assisted in testing and inspecting electronic components for quality assurance.
- Conducted functional tests on various consumer products.
- Maintained testing equipment and ensured proper calibration.
- Documented testing processes and results for quality reports.
- Worked with engineers to improve product reliability.
- Participated in team meetings to discuss quality improvement initiatives.

★ ACHIEVEMENTS

- Increased product reliability by 25% through improved testing processes.
- Recognized for outstanding performance and contribution to team success.
- Led a project that streamlined testing procedures and reduced turnaround time.
