PROFILE

I am an Emerging Technology Engineer with a strong background in healthcare technology and over 8 years of experience. My focus is on the intersection of technology and patient care, where I leverage data analytics and artificial intelligence to improve healthcare delivery. I have led numerous projects that implement innovative solutions, enabling healthcare providers to optimize their operations and enhance patient outcomes.

EXPERIENCE

HEALTH IT CONSULTANT

MedTech Solutions

2016 - Present

- Implemented electronic health record (EHR) systems across multiple facilities.
