Seasoned Emerging Technology Program Manager with a focus on healthcare technology solutions. Bringing over 12 years of experience in managing large-scale projects that integrate cutting-edge technology into healthcare systems. Proven ability to lead cross-disciplinary teams to develop solutions that enhance patient care and streamline operations. Strong background in compliance and regulatory standards within the healthcare sector, ensuring that all projects meet necessary guidelines.

PROFESSIONAL EXPERIENCE

HealthTech Innovations   *Mar 2018 - Present*
Program Manager - Healthcare Technology

- Oversaw the implementation of an electronic health record system that improved patient data accessibility by 60%.
- Managed a team of developers to customize healthcare applications based on user needs.
- Coordinated with regulatory bodies to ensure compliance with healthcare standards.
- Developed project timelines and budgets, ensuring on-time and within-budget delivery.
- Conducted training for healthcare staff on new technology tools and systems.
- Analyzed user feedback to drive continuous improvements in technology solutions.

MediTech Solutions   *Dec 2015 - Jan 2018*
Technology Project Coordinator

- Supported the development of telemedicine solutions that expanded access to healthcare services.
- Assisted in project planning and resource allocation for multiple technology initiatives.
- Monitored project milestones to ensure alignment with strategic healthcare goals.
- Facilitated stakeholder meetings to communicate project updates and gather feedback.
- Prepared detailed reports on project performance metrics and outcomes.
- Collaborated with IT teams to troubleshoot issues and optimize system performance.

ACHIEVEMENTS

- Successfully led a project that resulted in a 50% reduction in patient wait times.
- Received the 'Excellence in Innovation' award for developing a health app that improved patient engagement.
- Increased team efficiency by 30% through process improvements and training programs.
