EDUCATION

CERTIFICATE IN EMERGENCY MEDICAL TECHNOLOGY, HEALTH SCIENCES ACADEMY, 2018

ACHIEVEMENTS

- Received commendation for bravery in a life-saving situation during a major incident.
- Contributed to a 20% reduction in response time through improved operational procedures.
- Successfully completed over 300 emergency calls with excellent patient feedback.

PROFILE

Compassionate and highly skilled Emergency Medical Technician with a proven track record of over four years in providing exceptional pre-hospital care in both urban and rural settings. Expertise in trauma response, patient stabilization, and effective communication with patients and families during critical times. Adept at working in fast-paced environments, demonstrating strong decision-making capabilities and a calm demeanor under pressure.

EXPERIENCE

EMT

Metro Health Ambulance

2016 - Present

- Delivered emergency medical care and transport to patients in need.
- Worked closely with paramedics to execute advanced life support procedures.
- Maintained cleanliness and readiness of all medical equipment and vehicles.
- Conducted patient interviews to gather vital medical history.
- Participated in community outreach programs to promote health awareness.
- Documented patient care and treatment accurately in electronic health records.

EMT INTERN

Local Fire Department

2014 - 2016

- Assisted senior EMTs in providing emergency medical services.
- Learned to perform patient assessments and basic life support techniques.
- Observed and participated in training drills focused on emergency response.
- Helped maintain inventory of medical supplies and equipment.
- Engaged in patient interaction to provide comfort and reassurance.
- Contributed to the development of training materials for new recruits.
