

MICHAEL ANDERSON

Project Commissioning Engineer

Experienced Energy Storage Commissioning Engineer with a comprehensive background in renewable energy projects and a strong focus on battery storage technologies. Expertise in the full project lifecycle, from design through commissioning, with a proven ability to enhance system performance and reliability. Recognized for effective leadership in managing project teams and fostering collaboration among stakeholders.

WORK EXPERIENCE

Project Commissioning Engineer

2020-2023

Future Energy Solutions

- Led the commissioning of a 30 MW battery storage project, achieving a successful handover to operations.
- Developed detailed commissioning plans that aligned with project objectives.
- Conducted performance testing and validation to ensure compliance with specifications.
- Managed communication with clients throughout the commissioning process.
- Provided mentorship to junior engineers and interns, fostering professional growth.
- Analyzed system data to identify areas for improvement and optimization.

Engineering Intern

2019-2020

Innovative Power Solutions

- Assisted in the design and analysis of energy storage systems for various applications.
- Conducted research on emerging technologies in energy storage.
- Supported the engineering team in project documentation and reporting.
- Participated in site visits to collect data and assess project feasibility.
- Collaborated with cross-functional teams to enhance project deliverables.
- Engaged in continuous learning opportunities to broaden technical expertise.

ACHIEVEMENTS

- Successfully completed projects with a 100% compliance rate to regulatory standards.
- Awarded 'Intern of the Year' for outstanding contributions during the internship program.
- Contributed to a research project that was published in a peer-reviewed journal.

San Francisco, CA

EDUCATION

Bachelor of Science in Environmental Engineering

University of California
Davis

SKILLS

- Battery Storage Technologies
- Project Lifecycle Management
- Performance Testing
- Team Leadership
- Data Analysis
- Mentorship
