EDUCATION

**MASTER OF BUSINESS
ADMINISTRATION, UNIVERSITY OF
MICHIGAN**

ACHIEVEMENTS

- Achieved a 35% reduction in operational costs through process optimization initiatives.
- Recognized for outstanding leadership in a high-impact maintenance project.
- Successfully implemented a new maintenance software system that improved efficiency by 25%.

WORK EXPERIENCE

SENIOR OPERATIONS ANALYST

Energy Solutions Group

2020 - 2025

- Analyzed operational data to identify trends and optimize maintenance schedules.
- Developed comprehensive reports on system performance and maintenance effectiveness.
- Collaborated with engineering teams to implement system upgrades and enhancements.
- Led initiatives that improved system reliability metrics by 30%.
- Facilitated training and development programs for maintenance staff.
- Engaged with stakeholders to align maintenance strategies with organizational goals.

ENERGY STORAGE MAINTENANCE COORDINATOR

Renewable Energy Innovations

2015 - 2020

- Coordinated maintenance activities across multiple energy storage sites.
- Implemented a centralized maintenance tracking system to streamline operations.
- Conducted regular audits to ensure compliance with safety regulations.
- Worked closely with vendors to manage service contracts and procurement.
- Trained personnel on new maintenance protocols and safety procedures.
- Monitored inventory levels and coordinated supply chain logistics for maintenance supplies.
