SKILLS

- economic analysis
- regulatory assessment
- technical reporting
- data interpretation
- stakeholder communication
- project support

EDUCATION

**MASTER OF SCIENCE IN ENVIRONMENTAL
ENGINEERING, UNIVERSITY OF
CALIFORNIA, LOS ANGELES**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Led a research project that identified cost-saving measures for energy storage.
- Received an award for outstanding contribution to sustainability initiatives.
- Published findings on energy storage impacts in a leading energy journal.

Michael Anderson

ENERGY STORAGE EVALUATOR

Detail-oriented Energy Storage Research Analyst with significant experience in the evaluation and implementation of energy storage systems. Expertise in assessing the economic and environmental impacts of various storage technologies, with a strong emphasis on sustainability and efficiency. Proven ability to conduct thorough research and provide insights that support strategic decision-making within organizations.

EXPERIENCE

ENERGY STORAGE EVALUATOR

Sustainable Futures Inc

2016 - Present

- Conducted assessments of energy storage technologies for commercial applications.
- Developed reports outlining the economic feasibility of projects.
- Collaborated with engineers to enhance storage system designs.
- Analyzed regulatory impacts on energy storage development.
- Presented findings to clients to guide investment decisions.
- Participated in workshops to promote energy storage awareness.

ENERGY RESEARCH INTERN

Energy Research Institute

2014 - 2016

- Assisted in the analysis of energy storage project data.
- Conducted literature reviews to support research initiatives.
- Prepared presentations on energy storage trends.
- Engaged in team meetings to discuss project progress.
- Supported the development of educational materials on energy storage.
- Collaborated with researchers on technical reports.
