- English
- Spanish
- French

WORK EXPERIENCE

Energy Analyst

2020-2023

NextGen Energy Solutions

- Conducted research on the latest advancements in energy storage technologies.
- Analyzed market data to forecast future trends in energy consumption.
- Collaborated with product development teams to enhance storage solutions.
- Prepared comprehensive reports for executive management.
- Facilitated training sessions on energy storage technologies.
- Engaged with industry stakeholders to gather insights and feedback.

Research Coordinator

2019-2020

Clean Energy Research Center

- Coordinated research projects focusing on energy efficiency and storage solutions.
- Managed project timelines and deliverables to ensure on-time completion.
- Conducted data analysis to support project objectives.
- Prepared presentations for stakeholders to showcase research findings.
- Collaborated with external partners for joint research initiatives.
- Authored articles for publication on energy storage innovations.

ACHIEVEMENTS

- Instrumental in securing partnerships with leading energy firms.
- Recognized for excellence in research with a prestigious industry award.
- Published multiple articles on energy storage in renowned journals.
