MICHIGAN**

ACHIEVEMENTS

- Achieved a 50% reduction in safety incidents through strategic interventions.
- Recognized with the Safety Leadership Award for exceptional contributions.
- Successfully implemented a new safety management software system.

WORK EXPERIENCE

SAFETY DIRECTOR

EcoPower Solutions
2020 - 2025

- Directed safety initiatives for energy storage projects, ensuring regulatory compliance.
- Managed a team of safety professionals to implement safety programs.
- Conducted comprehensive safety audits and inspections across operations.
- Developed and delivered safety training for employees and contractors.
- Engaged with external stakeholders to promote safety best practices.
- Analyzed safety performance data to identify opportunities for improvement.

SAFETY ANALYST

Renewable Energy Innovations
2015 - 2020

- Performed safety assessments and compliance checks for energy storage systems.
- Assisted in developing safety policies and procedures for new projects.
- Facilitated workshops to educate staff on safety protocols.
- Maintained records of safety training and compliance documentation.
- Collaborated with engineering teams to ensure safety in design.
- Provided support during regulatory inspections and audits.
