MICHAEL ANDERSON

LEAD SOFTWARE ENGINEER

Innovative Enterprise Software Developer with over 7 years of experience in the healthcare technology sector. I have a proven track record of designing and developing software solutions that enhance patient care and streamline operations within healthcare organizations. My expertise in health informatics allows me to bridge the gap between clinical needs and technical implementation.

PROFESSIONAL EXPERIENCE

HealthTech Innovations

Mar 2018 - Present

Lead Software Engineer

- Led the development of a telemedicine platform, increasing patient access to care by 40%.
- Implemented electronic health record (EHR) systems, ensuring compliance with HIPAA regulations.
- Collaborated with healthcare professionals to gather requirements and design user-friendly interfaces.
- Conducted user training sessions, enhancing system adoption by 30%.
- Optimized system performance, reducing downtime by 20%.
- Integrated third-party health data sources to improve decision-making capabilities.

Clinical Solutions LLC

Dec 2015 - Jan 2018

Software Developer

- Developed a mobile application for patient engagement, improving communication and satisfaction.
- Utilized Java and Kotlin for mobile development, ensuring cross-platform compatibility.
- Participated in Agile sprints, contributing to product backlog refinement and sprint reviews.
- Implemented data encryption techniques, enhancing patient data security.
- Assisted in system testing and debugging, reducing software defects by 35%.
- Created technical documentation, facilitating smoother onboarding for new developers.

ACHIEVEMENTS

- Improved patient satisfaction scores by 25% through innovative software solutions.
- Successfully led a project that received the 'Best Health Tech Solution' award.
- Recognized for contributions to a project that enhanced operational efficiency by 30%.
