ACHIEVEMENTS

- Achieved a 30% reduction in hazardous waste generation over two years at Industrial Waste Management Corp.
- Received the Environmental Excellence Award for outstanding contributions to sustainability initiatives.
- Successfully led a compliance project that saved the company \$200,000 in potential fines.

PROFILE

Results-oriented Environmental Compliance Specialist with over 12 years of experience in industrial settings, specializing in hazardous waste management and environmental regulations. Proven ability to develop and implement compliance programs that not only meet but exceed regulatory standards. Adept at conducting environmental assessments and audits, with a strong focus on reducing environmental impacts while maintaining operational efficiency.

EXPERIENCE

SENIOR ENVIRONMENTAL COMPLIANCE SPECIALIST

Industrial Waste Management Corp.

2016 - Present

- Led the development of a comprehensive hazardous waste management program that reduced waste generation by 25%.
- Conducted in-depth environmental audits, identifying compliance gaps and implementing corrective actions.
- Collaborated with engineering teams to design environmentally friendly processes and systems.
- Established training programs that improved employee knowledge of environmental regulations and practices.
- Prepared and submitted compliance reports to regulatory agencies, achieving zero violations for three consecutive years.
- Facilitated stakeholder meetings to address community concerns and promote transparency in environmental practices.

ENVIRONMENTAL COMPLIANCE ANALYST

EcoSafe Industries

2014 - 2016

- Assisted in the creation of environmental policies and compliance procedures for multiple facilities.
- Conducted environmental impact assessments and developed reports for senior management.
- Monitored compliance with federal and state regulations, ensuring timely updates to policies.
- Participated in cross-departmental projects to enhance sustainability efforts across the organization.
- Analyzed data trends to identify areas for improvement in environmental performance.
- Coordinated training sessions for new hires on environmental compliance topics.
