- Awarded for exemplary community outreach efforts in urban planning.

Michael Anderson

GIS PROGRAM COORDINATOR

Strategic Environmental GIS Analyst with a focus on using data-driven insights to enhance environmental policy and planning. Expertise in the application of GIS technologies to analyze environmental data and inform decision-making processes. Proven ability to produce rigorous spatial analyses that support sustainable development initiatives and regulatory compliance. Adept at collaborating with governmental and non-governmental organizations to promote environmental sustainability.

EXPERIENCE

GIS PROGRAM COORDINATOR

Urban Planning Institute

2016 - Present

- Coordinated GIS projects focused on urban sustainability and resilience.
- Conducted spatial analyses to inform city planning and zoning regulations.
- Collaborated with urban planners to integrate GIS data into development proposals.
- Facilitated workshops to educate stakeholders on GIS applications.
- Managed program budgets and project timelines effectively.
- Produced detailed reports for city officials and community groups.

GIS ANALYST

EnviroSolutions

2014 - 2016

- Performed spatial data analysis to support environmental policy development.
- Utilized GIS software to map and analyze environmental risks.
- Collaborated with cross-functional teams on environmental assessments.
- Maintained GIS databases for ongoing projects and initiatives.
- Engaged with community members to gather input and feedback.
- Supported the development of grant proposals with GIS data.
