### SKILLS

- Epidemiological research
- Data analysis
- Statistical software
- Grant writing
- Scientific communication
- Project management

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF SCIENCE IN  
EPIDEMIOLOGY, UNIVERSITY OF  
RESEARCH, 2014**

### ACHIEVEMENTS

- Published over 5 research articles in peer-reviewed journals.
- Received the Early Career Research Award for outstanding contributions to environmental health.
- Secured funding for a major research project on environmental exposure and respiratory health.

### WORK EXPERIENCE

#### RESEARCH SCIENTIST

National Institute of Environmental Health Sciences

2020 - 2025

- Conducted epidemiological studies examining the relationship between environmental exposures and health outcomes.
- Analyzed data using statistical software to identify trends and correlations.
- Published findings in reputable scientific journals, enhancing knowledge in the field.
- Collaborated with other researchers to design and implement research protocols.
- Presented research at national and international conferences to disseminate findings.
- Mentored junior researchers and students in data analysis techniques.

#### ENVIRONMENTAL HEALTH RESEARCH ASSISTANT

State University Department of Public Health

2015 - 2020

- Assisted in the design and execution of environmental health studies.
- Collected and analyzed air and water quality data for research projects.
- Conducted literature reviews to support research proposals and publications.
- Maintained databases and ensured data integrity for ongoing research projects.
- Collaborated with faculty on grant applications for funding new research initiatives.
- Supported outreach efforts to communicate research findings to the public.
