EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL STUDIES, UNIVERSITY OF TEXAS, 2013

ACHIEVEMENTS

- Successfully led a project that reduced wildlife fatalities by 30% at wind farms.
- Recognized for outstanding service in environmental compliance by the state government.
- Published research on the impacts of renewable energy projects in a leading journal.

PROFILE

Results-oriented Environmental Monitoring Specialist with 10 years of experience in the renewable energy sector. Expertise in environmental impact assessments (EIAs) and compliance monitoring related to wind and solar energy projects. Proven ability to lead teams in conducting field surveys, analyzing environmental data, and preparing compliance reports. Strong understanding of federal and state environmental regulations and policies.

EXPERIENCE

ENVIRONMENTAL COMPLIANCE OFFICER

SolarPower Innovations

2016 - Present

- Managed environmental compliance for solar installation projects across multiple states.
- Conducted EIAs and developed mitigation strategies for potential environmental impacts.
- Coordinated with local authorities to ensure adherence to environmental regulations.
- Implemented monitoring programs to track ecosystem changes post-installation.
- Provided training for staff on environmental policies and best practices.
- Reported findings to senior management and advised on compliance strategies.

FIELD SCIENTIST

WindEnergy Corp.

2014 - 2016

- Led field surveys to assess wildlife impacts related to wind farm operations.
- Utilized advanced telemetry equipment to monitor bird and bat activity.
- Analyzed data and presented findings to project managers and stakeholders.
- Collaborated with conservation organizations to develop wildlife protection measures.
- Conducted training sessions on environmental monitoring techniques.
- Prepared detailed reports for regulatory agencies to support project compliance.
