### SUMMARY

As an Environmental Outreach Specialist with over 8 years of experience in community engagement and environmental advocacy, I have developed a deep understanding of sustainable practices and their impact on local ecosystems. My background includes working with diverse populations to enhance awareness of environmental issues through educational programs and outreach initiatives.

---

### WORK EXPERIENCE

#### Community Engagement Coordinator Green Planet Initiative

Jan 2023 - Present

- Designed and implemented community workshops focused on waste reduction and recycling practices.
- Collaborated with local schools to integrate environmental education into their curriculum.
- Organized monthly clean-up drives, resulting in a 30% increase in community participation.
- Developed promotional materials and social media campaigns that reached over 10,000 residents.
- Engaged with local government to secure funding for environmental projects.
- Monitored program effectiveness and reported findings to stakeholders, enhancing future initiatives.

#### Environmental Education Specialist Eco Awareness Foundation

Jan 2020 - Dec 2022

- Conducted environmental workshops for over 500 participants annually.
  - Created educational materials that improved understanding of local ecosystems.
  - Worked with volunteers to develop hands-on activities that fostered community involvement.
  - Implemented feedback mechanisms to enhance program design and delivery.
  - Represented the organization at community events to promote sustainability initiatives.
  - Evaluated program outcomes, leading to a 25% increase in engagement year-on-year.
- 

### EDUCATION

#### Bachelor of Science in Environmental Studies, University of California, 2013

Sep 2019 - Oct 2020

---
