### ACHIEVEMENTS

- Received 'Safety Champion' award for outstanding contributions to workplace safety initiatives.
- Successfully reduced chemical spills by 40% through enhanced training programs.
- Developed a sustainability program that saved the company \$100,000 annually.

Enthusiastic Environmental Quality Specialist with 4 years of experience in environmental health and safety within the manufacturing sector. My background includes developing and implementing programs to ensure compliance with environmental laws and improve workplace safety. I have a keen eye for identifying potential hazards and environmental risks, which has allowed me to play a pivotal role in creating safer and more sustainable manufacturing processes.

### WORK EXPERIENCE

#### ENVIRONMENTAL HEALTH AND SAFETY COORDINATOR

ManufactureWell Corp

2020 - 2025

- Implemented an environmental management system that reduced waste by 20% within the first year.
