EDUCATION

Bachelor of Science in Environmental Science and Technology

University of Florida
2016-2020

SKILLS

- Software Development
- Environmental Monitoring
- Data Analysis
- User Interface Design
- Quality Assurance
- Technical Support

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Software Engineer

2020-2023

CleanTech Software

- Developed software tools for tracking and analyzing environmental data.
- Collaborated with scientists to improve data collection methodologies.
- Participated in the design of user interfaces for enhanced usability.
- Engaged in software testing to ensure functionality and performance.
- Provided technical support and troubleshooting for users.
- Contributed to project documentation and reporting.

Environmental Intern

2019-2020

EcoFriendly Solutions

- Supported the development of environmental monitoring applications.
- Assisted in data entry and analysis for environmental projects.
- Participated in team discussions to brainstorm software features.
- Helped in the preparation of user manuals for software tools.
- Engaged in testing and quality assurance processes.
- Contributed to the creation of presentations for stakeholder meetings.

ACHIEVEMENTS

- Successfully contributed to a project that enhanced data accuracy by 20%.
- Recognized for outstanding performance during internship at EcoFriendly Solutions.
- Participated in a team project that won a regional environmental innovation award.
