- 📍 San Francisco, CA

SKILLS

- Chemical risk assessment
- Laboratory analysis
- Data interpretation
- Environmental policy advocacy
- Public engagement
- Statistical software

LANGUAGES

- English
- Spanish
- French

EDUCATION

M.S. IN ENVIRONMENTAL SCIENCE, UNIVERSITY OF FLORIDA

ACHIEVEMENTS

- Contributed to the development of a regional chemical exposure database.
- Received the Green Initiative Award in 2020 for outstanding community service.
- Published 8 articles on environmental toxicology trends in industry journals.

PROFILE

Results-oriented Environmental Toxicologist with a focus on chemical risk assessment and mitigation strategies. With a Master's degree in Environmental Science, I have over 7 years of hands-on experience in evaluating toxic substances and their effects on ecosystems. My analytical skills enable me to assess risks associated with chemical exposure effectively.

EXPERIENCE

TOXICOLOGY ANALYST

ToxInsight Labs

2016 - Present

- Performed laboratory analyses to evaluate the toxicity of various chemicals.
- Developed risk assessment models for industrial chemicals.
- Collaborated with environmental engineers to assess site contamination.
- Prepared detailed reports for regulatory submissions.
- Engaged with community stakeholders to discuss findings and implications.
- Utilized statistical software to interpret complex data sets.

ENVIRONMENTAL SCIENTIST

Clean Future Coalition

2014 - 2016

- Conducted field studies to monitor chemical pollutants in urban areas.
- Assisted in developing environmental health policies at the local government level.
- Led public seminars on the risks of chemical exposures.
- Designed educational campaigns to promote chemical safety.
- Analyzed environmental samples using advanced laboratory techniques.
- Collaborated with NGOs to promote sustainable practices.
